\* These workshops count toward 12 hours continuing education credits.

Join us for an inspirational week of professional development, spiritual renewal, small group ministry, and UU faith community in practice.

The Star Island Lifespan Religious Education (LRE) conference offers programming for various age groups—separate and together—with options for children, youth, and adults of all ages. Our conference is designed to serve both the professional and personal needs of those new to and experienced in UU lifespan faith development.

## Join us as we model multigenerational community.

Each year, the LRE conference follows a theme, with a daily morning theme talk and workshops that expand upon that theme. This year, we will focus on “Ministry Across the Generations,” and are excited to have Margaret Sequeira, Director of Lifespan Faith Development at Williamsburg Unitarian Universalist as our theme speaker.

## Experience the beautiful and unique setting of Star Island, NH.

Nestled among the historic Isles of Shoals six miles off the coast of New Hampshire, the peaceful atmosphere of this magical island is a large part of the charm of our conference. The island’s main building, the Oceanic, dates back to the 1870s, with its porch and rockers facing the ocean offering peaceful reflection or inviting conversation. For complete information about Star Island, visit the Star Island Website: [www.starisland.org](http://www.starisland.org)

## Why attend LRE week?

- **Network** — Meet religious educators of all stripes, ministers, and musicians.
- **Gain Credentials** — Take workshops for professional development and credentialing.
- **Take Care** — Have time for self-reflection, artistic expression, meditation, and relaxation.

## Scholarships and Discounts

Your conference Executive Committee, in conjunction with the Star Island Corporation, is making every effort to provide discounts and scholarships whenever possible. Some may be time-sensitive, so don't wait!
